

What is the Academy?

First of all, the Academy is not a course in “leadership skills” such as public speaking, motivating members, etc. The Leadership Academy is six courses providing in depth training for future district and club leaders in all of the programs and aspects of Rotary to insure they will have a strong base of Rotary knowledge to serve in Rotary positions. If this is your interest, then the Academy program is the program for YOU.

The Academy Logo

The Leadership Academy logo is unique in its design and was created especially for District 5110. The logo is a combination of various sized wheels. The first wheel in the logo is the Rotary wheel which represents Rotary and its leaders. They are the “cogs” in the wheels that connect our clubs, our communities, our district and the world to make things happen. One cannot operate without the other. It is the efforts of many, working together, that accomplish all that Rotary does. The Rotary wheel leads the way as a guide to inspire future leaders.

Academy logo pins have been awarded to all Academy graduates and are awarded to each class of new graduates. The Academy pin carries with it great prestige and great responsibility with the understanding that the wearer has a responsibility to SERVE.
